Personal Details

Citizenship: Filipino

Work Experience

Field Enumerator
Philippine Statistics Authority-Cebu City
June 2024 to September 2024

Community-Based Monitoring System (CBMS)-Population Census (POPcen)

Assisted in implementing and gathering data of POPcen under CBMS, involving household data collection, demographic analysis, and data management for support of decisions in the local government and resource allocations. Used methods of survey and data entry tools to ensure the timely capture of population information for reporting. Ensured collaboration with local authorities for the integrity of the data and standards of confidentiality.
